

-- I M P O R T A N T --

**INSTRUCTIONS ON HOW TO SET YOUR
WESTERN UNION CLOCK**

TO CHANGE FROM DAYLIGHT SAVING TIME TO STANDARD TIME move the minute hand forward around the dial, eleven complete turns. This change may be made before or after the effective hour.

TO CHANGE FROM STANDARD TIME TO DAYLIGHT SAVING TIME move the minute hand forward around the dial one complete turn. This change may be made before or after the effective hour.

IT IS NOT NECESSARY TO STOP THE PENDULUM. Your clock is self winding and will be synchronized with Naval Observatory Time on the next hour and every hour thereafter.

TO OPEN THE CASE, loosen the thumb-screw at the bottom of the case or use the key provided for this purpose, lifting the case shell outward and off the suspension hook. When replacing the case shell on metal clocks types 25 and 27, please be sure that it is properly engaged at both top and bottom.

**THESE INSTRUCTIONS SHOULD BE RETAINED
FOR FUTURE REFERENCE**
